

# Food Waste Bin

Bin for food-waste sorting at home. Intended to be used with a bio-bag inside. Ventilation holes in the bin walls and in the lid keep the bio-bags and food waste from sogging. The bin

features a harmonious look, stable balance, no sharp edges, a sturdy handle and is made entirely from recycled plastic.

General dimensions

Material: Recycled plastic - rPP  
 Capacity: 6,5 L  
 Cleaning: Dishwasher safe.
